

Welcome to Over the Moon!

We're excited you're getting hitched and would love to provide bulk flowers for your special day. We offer flower buckets containing various seasonal flowers and foliage for creating an array of bouquets. We estimate that each bucket contains approximately 60-85 stems and could make about 5-7 arrangements depending on how lush you create them. While we can accommodate certain color palettes, we cannot supply specific flower varieties. Our bulk buckets are seasonal and reflect what is blooming on the farm at the requested time.

Please complete the interest form and email to overthemoonfarmnc@gmail.com
We'll be in touch shortly to confirm the date and any further details.

Cheers to love and flowers!

Emily
